

March 2011

Dear CORA Members,

After a very cold winter, it seems that spring has finally joined us and that means summer is right around the corner. To keep up to date with CORA events and news, make sure to visit our website at www.chestnutoaks.org. E-mail will be our primary form of communication throughout the summer, so please make sure your e-mail address is correct on the Membership Update form. Also, if you have questions, you can email info@chestnutoaks.org. We normally respond in 24 – 48 hours.

CORA is led by a group of volunteers serving on the Board of Directors. Over the next year, we are looking into several areas of facility improvement, including deck resurfacing and wi-fi. If you want to have an influence on these changes, you might consider joining the Board or participating on a committee. Our contact information can be found in the newsletter.

Additionally, many of our events are only made possible by member volunteers. Please consider donating some of your time by helping out at a social event, working cleanup day or open house, or pitching in around the grounds.

See the attached newsletter for operating hours and other important information including socials, swim team, and tennis. Please note that we have added morning hours on Fridays prior to summer break.

I am also pleased to report that the Board has decided to keep membership dues the same again this year!

Here are a few important dates for the spring:

- **May 1** – Membership Dues must be postmarked by this date to receive the low, low, dues rate
- **May 7** – Cleanup Day, 11 am. Volunteers are needed!
Rain Date May 14
- **May 15** – Open House 1:00 – 4:00pm
- **May 28** – Opening Day

We hope to have another great summer! See you there!

Ara Duszak
CORA President
